DETAILED ACTION

Response to Amendment

1. In response to the Final Rejection, mailed 12/12/2007, applicant has submitted an Amendment, filed 1/29/2008, cancelling claims 1-12. The remaining claims 1 and 6-9 having been indicated as allowed, this, with an Examiner's Amendment to the Title and the Abstract, next, has placed the application in condition for allowance, for reasons given in the previous Office Action and repeated below.

Examiner's Amendment

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

In the **Title**:

Replace the Title with: **--Voice-Controlled Navigation Device Requiring Voice or Manual User Affirmation of Recognized Destination Setting Before Execution--**.

In the **Abstract**:

In lines 2-3, replace "voice recognition" with **--speech recognition--**;

In line 12, after "executed" insert --, **the user first being required to affirm or negate the recognized destination setting by voice or auxiliary switch--.**

Allowable Subject Matter

1. Claims 1 and 6-9 are allowed. The following is an examiner's statement of reasons for allowance:

Independent claims 1 and 8 are allowed because they now recite requiring the user to determine whether to affirm or negate the destination setting before the destination setting is executed, being able to make this affirmation or negation by both the switching operation and voice command input.

While Knockeart *et al.* (US Patent 6,968,311) teaches both manual command input as well as alternative input by voice commands for a variety of systems, they do not teach affirming or negating a destination input in their automobile telematics system before the destination setting is executed.

Dependent claims 6-7 and 9 are allowed because they further limit their parent claims 1 and 8, respectively.

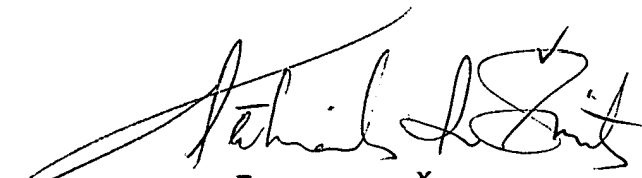

Conclusion

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Talivaldis Ivars Smits whose telephone number is 571-272-7628. The examiner can normally be reached on 8:30 a.m. to 5:00 p.m..
